¹ Includes fund appropriated to state agencies, not funds appropriated directly to communities or other organizations.

² Jobs are calculated by dividing the number of hours reimbursed by ARRA funds by the number of hours available in the work period. Unlike expenditures, jobs are reported on a quarterly rather than cumulative basis.

³ The Education Jobs Bill is not a part of the American Recovery and Reinvestment Act of 2009, but is subject to the same reporting requirements as grants covered under section 1512 of the Act.

⁴ Some of the grants appropriated by the Legislature are not subject to ARRA reporting. These include formula programs, grants for less than \$25,000, and others excluded by specific federal agencies. Grantees are still required to submit quarterly financial reports that do not generally provide the level of detail required by ARRA reporting.
